EDUCATION

University of Michigan - College of LSA Ann Arbor, MI
B.S. Computer Science — Major GPA: 3.98/4.00 — Cumulative GPA: 3.92/4.00 Graduated: May 2025

Honors & Awards

- (3x) James B. Angell Scholar — Consecutive all A terms with 14+ credits
- 2022 Stellantis Student Awards Recipient — \$2.5k scholarship

Relevant Coursework: Intro to ML (EECS 445); Intro to Artificial Intelligence (EECS 492); Programming Languages (EECS 490); Advanced Programming Languages (CSE 590); Senior Honors Thesis (EECS 443)

PROFESSIONAL EXPERIENCE

Ford Motor Company Dearborn, MI
AI Engineer September 2025 – Present

- Constructed a parallelized LLM extraction pipeline on GCP Cloud Run with Terraform-provisioned buckets for audit logging, ingesting **70+** ECU documents (**10,000+** pages ea.) into queryable Neo4j knowledge graphs
- Coupled ECU knowledge graphs with an AI chatbot via hybrid RAG (Elasticsearch semantic search + Neo4j graph traversal), reducing automotive engineering query time from **> 1 week** to **< 10 minutes**
- Built ML pipeline extracting feature metadata from **200k+** documents for top-k feature retrieval in **≈ 500ms**

Opus IVS Dexter, MI
Software Engineer Intern May 2025 – September 2025

- Implemented a regression testing framework in C# and Python to automate DriveSafe device workflows, increasing QA invoice testing throughput by **> 100×**

University of Michigan - College of Engineering Ann Arbor, MI
Instructional Aide for EECS 476 (Data Mining) January 2025 – May 2025

- Led **4** discussions, held weekly office hours, and refactored **3** projects for Data Mining course of **40+** students

LEADERSHIP & EXTRACURRICULARS

Sprachy Ann Arbor, MI
Founder & Solo Developer December 2025 – Present

- Solo-built an AI translation app (iOS + web) with a novel prime-notation system for interlinear word alignment

Future of Programming Lab Ann Arbor, MI
Undergraduate AI/PL Researcher May 2024 – Present

- Using OCaml, Bonsai, and the OpenRouter API, designed and implemented an LLM-based code completion assistant in Hazel that completes coding tasks purely through a structure-based action language
- Implemented an editing suite in Hazel, enabling instructors to create and edit exercises from within Hazel

Russ Roze Ann Arbor, MI
Music Producer & Artist December 2019 – Present

- Landed placements on over **800** playlists including **12** Spotify editorial playlists
- Accumulated **200k+** streams, **100k+** listeners, and **1k+** playlist adds across music streaming platforms

Seven Mile: Music, Arts, Coding Ann Arbor, MI
Music Branch Co-Director, Piano Teacher January 2023 – May 2025

- Delivered teacher training to **10+** members and organized **20+** members into weekly trip assignments
- Dedicated **3+** hrs/week during fall and winter semesters to provide piano instruction to Detroit area youth

TECHNICAL SKILLS

Programming Skills: OCaml, Python, ReScript (Advanced); C#, C++, JavaScript, SQL (Proficient)

Foreign Languages: English (Native), German (B2)

Hobbies & Interests: Oil Painting, Soccer, Hip Hop Enthusiast & Producer, Gym, Field Recording
